## OVERVIEW

N2 Learning’s Executive Leadership Institute (ELI) is designed to build the capacity of district executive leaders for system-wide improvements in teaching and learning. It provides a systematic approach to bridge the personal leadership qualities that were key in past successes to being strategic and successful in one’s current role.

## FOCUS

- Principles of strategic leadership
- Behavior style preferences
- Systems of support for improving teaching and learning
- Alignment of district initiatives to school systems
- Creating a personal road map for success

## SESSION TOPICS

1. Purposeful Leadership
2. Learner-Focused Partnerships
3. A Call to Action
